

ALL CLEAR

Description

Selleys ALL CLEAR is a clear neutral cure (non-corrosive) co-polymer multipurpose sealant, that provides long lasting protection by forming a clear flexible film on top of a surface that won't crack or dry out. The solution to water leakage and seepage around the home. SELLEYS ALL CLEAR is a high grade water resistant sealant.

Uses

- ▶ Metal
- ▶ Timber
- ▶ Glass
- ▶ Bricks
- ▶ Stone
- ▶ Many Plastics
- ▶ Damp non porous surfaces eg metals, glass, glazed tiles.

Technical Features

- ▶ Glass like clarity – dries clear to blend with the surface.
- ▶ Suitable for old and new surfaces as it cuts through light oil deposits for excellent adhesion and seals effectively even on weathered surfaces.
- ▶ Suitable for damp non porous surfaces eg metals, glass, glazed tiles.
- ▶ Paintable with oil and water based paints.
- ▶ Multipurpose – can be used on most building materials and won't crack or dry out.
- ▶ Mould resistant to help protect against unsightly mould growth on the sealant.
- ▶ Good weatherability and resistance to UV light.
- ▶ Excellent gap filling characteristics.
